

As a Mid-West transplant more than 30 years ago, I brought with me a blue collar background. I love the Northwest and wouldn't live any where else. I have a commercial business practice that focuses on all aspects of creditor relationships from financing to restructuring matters. My commercial practice includes pre-bankruptcy workouts, Chapter 11 proceedings, State and Federal Court collection and receivership actions and judicial and non-judicial foreclosures. I represent lenders, borrowers, trustees, receivers and unsecured creditor committees. After nearly thirty years of practice, I have experience in a wide range of industries including as examples; real estate, construction, manufacturing, technology, retail and maritime cases. I have substantial mediation experience.
